

Math-Whizz Suite: Meeting Teachers' Needs

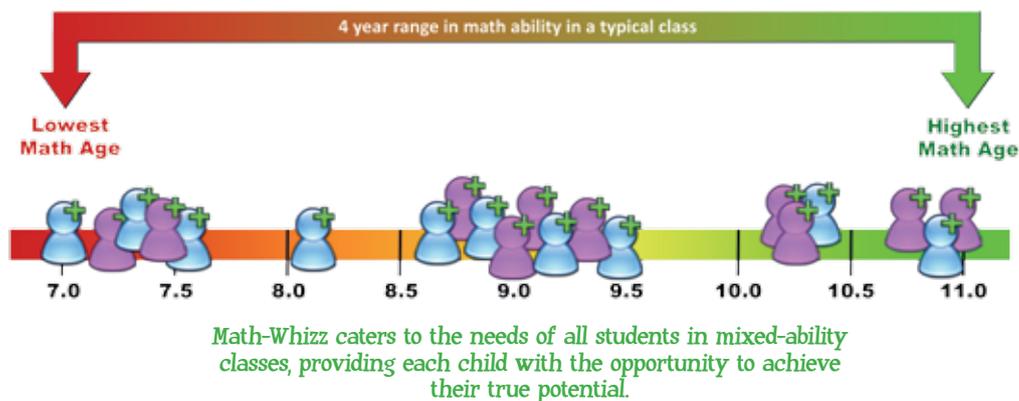

Math-Whizz[®]
Brought to you by Whizz Education

The Modern Classroom

Teachers worldwide face a number of challenges on a daily basis:

- **Delivering differentiated learning**
- **Effective lesson planning**
- **Assessment and reporting**

Every child has unique learning needs. Our research shows that mixed-ability classes typically have a **4 year gap in math ability** between the highest and lowest achieving students. Teachers must **plan and deliver lessons** to give each child the individual attention that they deserve - difficult for one teacher in a class of **over 30 pupils!**

The Math-Whizz Suite

Math-Whizz is Whizz Education's award-winning online math suite of services. It addresses the needs of the modern classroom for **grades K-8**. Imagine having a **virtual classroom assistant** for every child in your class - with Math-Whizz you can!

The Math-Whizz Suite contains **three integrated services** to support teachers with challenges in the modern classroom:

- **Math-Whizz Tutoring Plus**
- **Math-Whizz Teachers' Resource**
- **Professional Development**

Best Practice

**Raised Standards
in Math**

Math-Whizz Tutoring Plus

Math-Whizz Tutoring Plus delivers unlimited, personalized, online **one-to-one math tuition** for every student. The **online tutor** raises standards in math because it powerfully engages pupils by catering to each child's unique ability and pace of learning.

Math-Whizz Tutoring Plus allows teachers to:

- Support **differentiated learning** by delivering a personalised tutoring plan for every student.
- Access **real-time reports** to review student data in a concise way, providing **meaningful insight** into each student's progress and potential areas of difficulty.

Students who use Math-Whizz Tutoring Plus for 60 minutes a week improve their Math Age, on average, by 18 months in the first year of use.

Math-Whizz Teachers' Resource

Teachers need Math-Whizz Teachers' Resource to make **best use of classroom time**. Also an online service, Math-Whizz Teachers' Resource is an award-winning, whole-class teaching tool featuring:

- **More than 1,200 interactive lessons**, each with its own animated exercise, test and worksheet.
- **Mixed topic tests** for revision and exam preparation.
- Curriculum mapping and **lesson planning**.
- The Math-Whizz **Interactive Board** for teacher demonstration.

Professional Development

Throughout your Math-Whizz Suite subscription, you are entitled to **full training and support** from a dedicated Customer Success Manager. You will have access to:

- 10 years of experience in the successful application of technology in the classroom.
- **Best practices** derived from implementation across thousands of schools worldwide.
- Analysis and advice on the best way to allocate your resources effectively.
